Regional Leadership Program

Nambucca Valley Emerging Leaders

Leadership development for 18 to 22 year olds in the Nambucca Valley

21-25 AUGUST 2022 | YARRAHAPINNI

Nambucca Valley Emerging Leaders is a complementary program to the Regenerate Regional Leadership Nambucca Valley Program.

Specifically tailored to build the leadership skills of young people, the program recognises the importance of including young voices in conversations about the impacts of natural disasters and future solutions to community resilience.

During the program, you will complete a range of team and individual challenges. Each challenge gives you hands-on leadership experience.

You will also hear from inspirational speakers during skills sessions and have the opportunity to speak up about the issues that most impact you in the Nambucca Valley.

As a group, you will be able to share your experience with bushfires and think about ways to better prepare and deal with natural disasters in the future.

Australian
Rural Leadership
Foundation

As the pre-eminent provider of leadership programs for regional Australia, the Australian Rural Leadership Foundation (ARLF) has delivered 111 transformational leadership programs over three decades (88 in the last 10 years). With a proven track record in delivering leadership programs, our success is reflected in the contributions our 1800+ alumni have made and continue to make across rural, regional and remote Australia.

"I remember working at the Macksville ex-services club on the Friday of the bushfires ripping through our valley. We'd been asked to stay behind as we had just received a call that fire trucks were coming back to Macksville from Bowraville after being out all day trying everything, they could to save people's homes.

The least we could do was cook a nice meal for them and a cold drink. To see their faces when they arrived at the club was a massive eye opener to what had just happened. Most of them were covered in ash from head to toe and exhausted."

"I love that there's so many opportunities and little networks to be a part of in this community whether it's in the working world, fitness and sports everyone's always so welcoming and supportive.

My Vision for the future, is to have more and more young kids taking hold of these community opportunities that have been placed in front of them and looking up to the Elders and respected members in the community who are striving to make a difference for the future and hopefully follow in their footsteps."
